**Project Goals**

- Target high risk DWI offenders.
- Four PSA per year from KTNN.
- To conduct 50 Child Passenger Safety clinics.
- Promote child motor vehicle occupant restraint use from 45 to 50 % first year
- Traffic Records training for Coordinator.

**Accomplishments for  
Year 1 - 2005**

- Training completed with 610 adult participants
- Performed 4 PSA from KTNN station.
- Completed 54 Child Passenger Safety (CPS) clinics at various communities.
- Obtained 50 % child restraints usage rate.

**Activities**

- ❖ Coordinated referrals from District courts.
- ❖ Advantage of free PSA on KTNN Navajo station.
- ❖ Through IHS mini grant purchased 200 child safety seats for the low income families and distributed at the CPS clinics.
- ❖ Survey child restraints usage rate at IHS hospital and clinics parking lots.
- ❖ Traffic Records - No activity due to staff vacancy.

**Services Available**

- CPS certified technician train for 40 hr. instructions.
- Serve as instructor for Indian Health Service Injury Prevention Level I, II course training.
- CPS fitting station for low income families.
- SNAP for law enforcement officers, WIC, CHR, Head Start program.
- Child observational child safety seat surveys
